

# Do you lack the expertise to deliver Azure solutions?

Here's how Cloudmania can help

Get comprehensive training, technical support, sales and marketing resources, certification program, and ongoing learning opportunities to better support your cloud practice.

- Through **enablement workshops**, we provide in-depth technical training on cloud technologies, deployment models, pricing models, and customer benefits.
- Our technical team including the Partner Technical Specialists and Business Group Leads is available to assist with **any technical challenges** encountered, ensuring timely **resolution** and **customer satisfaction**.
- Get access to Cloudmania's extensive **technical documentation**, implementation guides, and knowledge bases.
- Through Cloudmania's **webinars**, online **training sessions** and **newsletters** we ensure that you stay up to date with the ever-evolving cloud landscape.
- Our key account managers (KAMs) and Partner development managers (PDMs) act as trusted advisors, providing **guidance** on sales **strategies**, market trends, and growth **opportunities**.
- Get most of the Cloudmania Academy, our **certification** and **training program** which allows resellers to grow their expertise and build credibility in the market.
- Cloudmania also offers sales and **marketing support**, including co-branding opportunities and joint marketing **campaigns**, to help and support resellers generate leads.
- Leverage the readily available **Cloudmania tools** to continuously manage and optimize **existing** and **new** Azure environments.
